#### Testimonial:

*I just wanted to take this opportunity to tell you how thrilled we have been with the early education our daughter, Madeleine, received while she was a student at Kids Club House. As you of course will remember, Madeleine was a student in the Junior Wings and Senior Wings preschool as well as the pre-K Reading Club. When Madeleine started kindergarten in the fall, she absolutely excelled. She was in the top group in her class for reading and math, and her teacher was very impressed with the knowledge and experience with which she came to kindergarten. When we went to our first parent-teacher conference in November, Madeleine's teacher told us that, in his twenty-six years of teaching kindergarten, Madeleine was probably the most well-prepared student he had ever taught.*

Kids Club House prides itself in continually receiving compliments from kindergarten teachers throughout the area because our graduates are so well prepared. We look forward to the opportunity to continue to help your child grow as a student and more.
